

## Change of College/Major: ARCHITECTURE

Follow these instructions if you are either 1) Currently an enrolled student at UC Berkeley outside the College of Environmental Design (CED), or 2) a CED student wishing to switch majors. **Read these instructions carefully.**

**NOTE:**  
The Architecture program is currently not accepting applications for change of college/major, for questions connect with advisor

### Requirements for Change of College if space becomes available:

- Have completed or are enrolled in **Environmental Design 1 (or ENVDES 5), Math 16A or 1A, and the first half of the Reading and Composition requirement.**
- Are able to complete your degree within CED's semester limit (four semesters for transfer students and eight for freshmen admits; students pursuing Simultaneous Degrees are granted one additional semester).
- Have a GPA of 2.0 or above. The higher your GPA the better your chances of acceptance.

Applicants are assessed based on their current progress toward completion of the program, their ability to complete the program within the semester limit, their overall academic performance, and their essay.

Note: You may apply for change of college no more than twice.

You must submit the following materials to [cedadvising@berkeley.edu](mailto:cedadvising@berkeley.edu):

- **The Change of College/Major petition** (found below)
- **A completed graduation plan** that outlines how you will complete all requirements for the major, College, and University (found on final page of application below)
- **A 750-word (maximum) essay** explaining your educational / professional goals and why you would like to major in Architecture

**IMPORTANT:** Please make sure you are using the most up to date major handbook that corresponds with the year you were admitted to UC Berkeley.

## Change-of-College/Major Checklist

- I have read the front page of the change-of-college application for my prospective major, and I understand which requirements ***should be in progress or fulfilled with grades posted*** in advance of submitting my application.
- I have completed at least one fall or spring semester at UC Berkeley.
- I have checked my GPA and it is at least a 2.0.
- If applicable, I have used the high school enrichment (AP, IB, and A-Level) document on the CED Advising website and I know which AP courses have fulfilled breadth requirements based on my scores. ***I have indicated which courses have been fulfilled through high school enrichment on my application.*** (See <https://ced.berkeley.edu/advising/forms-documents>)
- On my graduation plan, I have demonstrated that ***I can fulfill all breadth, major, college and university requirements within 8 fall and spring semesters, or 4 if I'm a transfer student.*** If I am planning to take some coursework over the summer, I have included this coursework in my graduation plan. If I am planning to study abroad and think that my study abroad program will qualify me for a 9<sup>th</sup> (or 5<sup>th</sup> semester, for transfer students,) I have indicated this on my plan.
- I have verified that my graduation plan includes the following:
  - Reading and Composition A & B by end of sophomore year
  - 2-3 lower division ENV DES requirements
  - 3 upper division courses within CED but outside of your major
  - 7-course breadth (If you plan to fulfill the International Studies Requirement through study abroad, indicate this in your graduation plan)
  - All lower and upper division major requirements
- My graduation plan also shows that I will be enrolled in **at least 12 units during each fall and spring semester\***, and that the **total number of units adds up to at least 120**. Also, I have made sure that I meet Senior Residency requirements: After 90 units, at least 24 of the remaining 30 units will be completed at UC Berkeley. Note: Students who are pursuing a Reduced Course Load should meet with an advisor prior to submission.
- I have not left anything blank.** I wrote "IP" (In Progress) for the courses I am currently taking or "PL" (Planned) for courses I will take in the future.
- I have indicated either the Studio Track or Design Research Track and have included all requirements in my plan. Note: Architecture students will officially select a track in the spring semester of their junior year.
- I have made sure that courses only offered in the fall or spring are arranged accordingly in my graduation plan.
- I have ***signed and dated*** my application, and included all of my contact information. My email address is legible.
