Dear Professor Iwamoto:

After reviewing the five-year Interim Progress Report (IPR) for the Master of Architecture program submitted by University of California, Berkeley, the National Architectural Accrediting Board (NAAB) has rejected the IPR as not having corrected or demonstrated substantial progress toward addressing deficiencies identified in the most recent two-year Interim Progress Report. SPC B.9 is still Not Met. Student work samples included in the five-year IPR do not demonstrate achievement to the prescribed level for all aspects of SPC B.9 Building Service Systems.

Consistent with the [2015 Procedures](#), Section 10.1.d.ii Interim Progress Reports, pages 81-82, the next accreditation visit is advanced by one calendar year, thereby shortening the term of accreditation, and is now scheduled for spring 2024. The Architecture Program Report (APR) is due September 7, 2023.

Please note that Program Annual Reports are still due annually.

If you have any questions regarding this matter, please contact accreditation@naab.org.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. O'Neal'.
